Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Sunday 29 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Often rather cloudy and cool, with occasional drizzle.

Today:
A rather cloudy start across the region with patchy light rain and drizzle. Cloud breaks to give some occasional sunshine during the afternoon. Winds freshening a little by afternoon with rather chilly conditions near coasts. Maximum temperature 16 deg C (61 deg F).

Tonight:
A predominantly cloudy evening and night with a little light rain or drizzle at times. Some hill fog possible over the Pennines and Cheviots. Minimum temperature 8 deg C (46 deg F).

Monday:
Cloudy with patchy light rain and drizzle across the region during the morning. The cloud may break at times during the day, bringing occasional brighter spells. Breezy along coastal areas. Maximum temperature 17 deg C (63 deg F).

Outlook for Tuesday to Thursday:
Mainly fine and dry with variable amounts of cloud and some isolated light rain and drizzle, mainly along coastal areas. Generally rather cool, especially in the breeze.
